You're invited to the 10th Annual
TOGETHER WE CAN END DOMESTIC VIOLENCE Luncheon

It's difficult to end domestic violence, but without you it's impossible.

This year's luncheon will present End Domestic Abuse WI's work to prevent domestic violence through its work with teens. We hear from high school students who are working to promote healthy relationships, break unhealthy patterns, and prevent domestic abuse in their own communities. These wise and passionate students will share how they are doing their part to create real social change.
